

Project Description:

1. **Data Import:** Bring all the files into Power BI. Check the file type first so you know how to import them. ✓
2. **Data Understanding:** understand each table and its columns ✓
3. **Data Cleaning:** Before loading the data, see if it needs any cleaning or changes. ✓
4. **Data Modeling:** Make appropriate modeling. ✓
5. **Data Visualization:** Put at least 3 different charts.

The deadline for the project is 27/8/2025
